Itaipuland Hot Park, Resort & Spa Termal

Destination: Iguazú

Description

With several leisure options, Itaipuland is considered the largest Thermal Water Park in Latin America. It is located 70 km from Foz do Iguaçu, in Itaipulândia City. Come and have fun with us all year long! In addition to the numerous attractions in the thermal waters, the place counts on hotel, sports courts and convention center. The infrastructure also has restaurants, snack bars, security, first aid room lifeguards. Our waters, at 42ºC, have properties for therapeutic and medicinal purposes, with alkaline pH and rich in mineral salts, beneficial in the relief of a series of diseases, among them, sinusitis and rheumatics, and also respiratory problems in general. Mineral-rich thermal waters refresh, moisturize, renew and protect the skin. Atractions: Show Pool 500m² outdoor pool 2 wet bars and artificial waterfalls, stage for concerts of 100m² with HD LED Display and professional sound, with capacity for 2,000 people.
